## Autumn Goods Now Have The Right of Way

This great store, keyed up to its full resources, invites your inspection of its magnificent displays of Fall merchandise—its lovely vistas of charming fashions and beautiful novelties. Never has the comprehensiveness of its range been so wide-spreading—never has it presented so many opportunities for its patrons to enjoy and profit by unequalled economies. Your attendance is invited whether you have something to buy or whether you merely wish to rove around the store at your will and look at the beautiful displays of new merchandise.

### Newest and Best in Women's Fall Apparel Priced Lowest

A splendid showing of Fall and Winter's cleverest and most distinctive style-touches will greet you here. Our display of Women's Apparel is an open "Style Book." Come and read the wonderfully absorbing story—and learn an object lesson in economy. Most women are good judges of value and when they see that they can get just as good, just as stylish garments at this store—and save from \$5 to \$10 is it small wonder that they are buying of us?

#### BEST VALUES IN WOMEN'S FALL SHOES

There are any number of good reliable makes of Women's Shoes—you'll find them in other stores as well as this—but you'll pay from 50c to \$1 more for the same identical qualities. We have had women tell us that one pair of our shoes outlasted two pairs bought elsewhere. That's good economy—Won't you try it? A Shoe for every foot—a price for every purse.

### The Value of a Wide Range of Choice

A Man Should Prejudge the Effect of Each Suit He Buys

He should satisfy himself *before* he buys that the clothes he fancies are suitable to *his* personality.

The *only* way he can do that is to have a wide assortment of styles and fabrics to choose from and select carefully.

Now we can offer that assortment in its highest and best form, viz., in Kirschbaum Clothes—unquestionably the standard clothes of America.

Kirschbaum Clothes, up-to-the-minute in design, are genuinely *hand-tailored* from "All-Wool" weaves, are guaranteed to be of fast color and to give satisfactory wear.

There are over *fifty years* of experience and perfecting of methods behind each Kirschbaum garment.

The Kirschbaum Label is the identification mark of the best clothes made at the price.

PRICES \$10.00 TO \$25.00

Other Good and Lasting Suits \$5.00 to \$10

### Fall Hosiery

The receipt of recent shipments of Fall Hosiery has rounded out selections in sizes, pretty shades and colors, styles and qualities to meet every demand for Fall preparations. School Hose for Boys and Girls—Medium and light weight "Cadet," better than the rest, 25c a pair.

## BLANKETS

Blanket Weather is Here

And also the Blankets. Table after table piled high with fleecy, downy, cold-defying and sleep-inviting Blankets—and Comforts, too—economically priced—

## THE HONDO ANVIL HERALD.

Published Weekly—Every Saturday Morning.

—BY—  
FLETCHER DAVIS, Editor and Proprietor.  
MRS. ROBERTA DAVIS, Assistant Editor.

OFFICE: ANVIL HERALD BUILDING, HALF A BLOCK SOUTH OF DEPOT.  
For the Commercial, Agricultural and Industrial development of Medina County and Hondo. An Independent local newspaper.  
SUBSCRIPTION: \$1.00 A YEAR. ADVERTISING RATES REASONABLE.

Entered at the Postoffice at Hondo, Texas, as second-class mail matter.

SATURDAY, OCTOBER 15, 1910.

BLESSED are ye when men shall re-  
vile you and persecute and say all  
manner of evil against you falsely for  
my sake. Rejoice and be exceedingly  
glad for great is your reward in Heaven;  
for so persecuted they the prophets,  
which were before you." Matthew,  
5: 11-12.

THE Anvil Herald man thanks  
the Eagle Pass Guide for dubbing  
him a newspaper crank. Not to  
be such a crank as he describes  
is to be a very sorry sort of a  
man and one unworthy to fill the  
responsible position of editor of a  
newspaper. The Anvil Herald's  
opinions are dictated solely by  
what he believes to be right and  
he never pretends to be what he  
is not that he may prosper. When  
he can't win success through  
such a policy he will choose  
failure rather than stultification.

HON. Noah Allen came. He  
labored mightily to convince the  
sovereign voters of Medina Co.  
that they should send him to  
Congress. The people heard him  
gladly and—with becoming  
patience! Hon. Noah went his  
way. And the stillness that per-  
vades the political atmosphere  
which he left behind will find its  
counterpart only in the silences  
that will pervade the Republican  
wigwam on the morning of Nov.  
9th. That he made friends there  
is no doubt, "for he is a jolly  
good fellow." But if he made any  
votes we haven't heard about  
them. We all love you, Noah;  
yes we do! But oh! our John!  
Our votes are his'n!

If any paper in Texas is doing  
more or better work for its home  
town than the Anvil Herald, by  
Fletcher Davis, is doing, it does  
not come to this office. Davis is  
looked upon as a crank. That is  
probably the highest compliment  
that can be paid a newspaper  
man, so long as his "crankiness"  
does not interfere with his work  
for the community in which he  
lives. From a public standpoint  
a newspaperman is a crank when  
he expresses an honest opinion  
in spite of the fact that it might  
lose him a subscriber—in plain  
English a crank in the newspaper  
line is one who will not sell his  
convictions for a dollar sub-  
scription. Hondo has a good  
paper in the Anvil Herald and it  
is deserving of the excellent  
patronage accorded it. The  
above is brought out by the  
explanation in the last issue of  
the Anvil Herald that the editor  
was kept too busy by his cor-  
respondents and advertisers to  
write his usual quota of editorial  
dope.—Eagle Pass News Guide.

ONE of the saving features of  
this God favored country is that  
we have a growing season for  
some crop extending almost  
throughout the year when it rains.  
It has rained now and farmers  
are busy planting oats and other  
fall crops. If the seasons are  
favorable for them the feed  
shortage will not work near the  
hardship on the country that it  
at one time promised to do.

## Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.  
The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, opium or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

night at Nic. L. Tschirhart's pavilion was a swell affair as well as a grand success. An immense crowd attended. The best of order prevailed and the participants report having had a good time. The members of the Castroville Brass Band and their able instructor, Ed. J. Balmos of Devine, certainly deserve praise and should meet with the hearty support of their fellow men, for although the boys have only practiced for a few short weeks still they render several pieces almost to perfection. ### Can't Learn In School.

When the stomach is out of order or the bowels constipated, a feeling of drowsiness and inactivity comes over the body. The brain won't think and the body won't work. If it is a child who suffers in this way, it naturally can't learn well in school, as it has no inclination for study. Give the child a dose of Dr. Caldwell's Syrup Pepsin and you will soon find it wonderfully improved and ultimately cured. It is guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1 a bottle.

Marriage is not always a failure, because there usually is a fighting chance!

### Messrs. Ridgill and Burns.

Thousands of people have stomach trouble, constipation, indigestion, sick headache, etc., and don't know what to do for it. Perhaps the experience of Mr. Ridgill, postmaster at Bruceville, Tex., and Mr. Burns, Wabash R. R. engineer, Bement, Ill., will suggest a method. Both of these men take pleasure in saying that they cured themselves with Dr. Caldwell's Syrup Pepsin. It is absolutely guaranteed to do what is claimed, and if you want to try it before buying, send your address for a free sample bottle to Pepsin Syrup Co., 119 Caldwell Bldg., Monticello, Ill. It is sold by all druggists at 50c and \$1 a bottle.

## BIG CELEBRATION

Large County Exhibits and Premiums to be Awarded at the Big Band Fair and Bazar. Miniature Airship Ascension and Free Attractions

The executive committee of the Business Men's Club of Uvalde and the board of directors of the Uvalde Concert Band have had several important meetings since last issue and have now completed arrangements, since having a large mass meeting in the court house Monday, to have a county exhibit, and an earnest effort will be made to hold this exhibit intact and send to the Dallas and San Antonio Fairs. It was decided to solicit all citizens and ranchmen for cash donations except the business men with a stock of goods as he will be called upon for a liberal premium by the band boys for premium purposes in the Band Fair. The cash donations will be used as cash premiums for products, etc. in the county exhibits. It was further decided to award suitable cash premiums to any and all products which may be put on display from any of the adjoining counties.

There will be no charge made for entering any exhibit—the only request is that this exhibit shall be entered by noon of October 18.

A special exhibit committee was appointed as follows: F. M. Getzendaner, chairman; H. P. Hornby, secretary and D. W. Barnhill.

For further information as to this department of the Fair, call upon or write any of these gentlemen.

### FREE VAUDEVILLE

On each night of the Band Fair arrangements have been made to have free vaudeville acts and one act comedies upon the stage which will be erected, and on one night there will be a big minstrel show. There will also be moving pictures, two to three band concerts, each night and many other free attractions, which we shall mention more in detail in later issues.

### POLYTECHNIC DISPLAY.

Arrangements are now under way to have mortar and cannon salutes, also a miniature air ship ascension each night and a display of fireworks from a balloon. There is no need of us discussing the merits of the Uvalde band and its members, as every one seems to be of the same opinion and speak only in the highest terms of the progress made, yet the planning of such a big celebration by its members will only add more laurels to its credit and may their future progress in all undertakings be as successful as their past has been.

The admission to all these attractions will be but 15 cents to all. So come out and help make this the biggest and best "blow out" in Uvalde's history.

A One and One-Third fare for the round trip will be on Oct. 20-21-22.—Uvalde Leader-News.

**COMPENSATION**

**COMPENSATION**

**BALANCE**

Compensation is the term applied to the methods used to secure a uniformity of time in the varying temperatures to which a watch is exposed. The cause of the error is the expansions and contractions of metals. The South Bend Balance wheel is made of two metals of unequal expansion, so proportioned, one to the other, that the expansion and contraction is neutralized perfectly. A South Bend Watch keeps time in all temperatures, as well as in all positions.

**V. A. CROW**

EVERYBODY knows that there is no statutory law compelling a man who voted in the primary election to keep his pledge to support the party's nominees. Everybody knows, likewise, that the obligation was voluntarily taken and that all honest men and good citizens will respect the obligation. It is only the criminal at heart who has to be forced by statute to respect his obligations and perform his promised duty. The appeal being made by some would-be-political-leaders to the people to stultify themselves by repudiating their obligation made in the primary is not only a reflection upon the intelligence of the people but of their honesty as well, and should burn the brand of infamy upon any one who would appeal to such a low order of politics.

NEXT year will be an off year in politics—that is, there will be no regular elections held. However, it is expected that the issue of Statewide Prohibition will be submitted to a vote of the people and the branch-water brigade is already organizing its forces and laying the plans for its battle of ballots next year. Therefore, it you are an anti-prohibitionist and believe in preserving the constitutional liberty we now enjoy, it is of especial importance that you arm yourself with a poll-tax receipt now and be prepared to do your duty as a good citizen next year. Pay that poll tax.

Two years hence Hon. O. B. Colquitt will be standing for re-election. It is important that Colquitt's friends control the party machinery at that time. The strength of each precinct in the county convention will be determined then by the vote he receives at the November election. Therefore, it behooves every one, who believes in the policy of local self-government and legislative rest for which he stands, to turn out to the polls and give him and the state Democratic ticket as large a vote as possible on the 8th of November.

IT listens good to hear of the vast acreage that is going into oats all over this section now. If the rains will continue these oat fields will prove a great relief to the feed shortage and will enable our stock-farmers to reach the grass season without near the loss that was expected. Prospects are more encouraging and every one has taken new courage.

ED. ANVIL HERALD:—

Mr. Henry Wernette and family left on Friday's morning train for San Antonio to attend the big circus. They returned Sunday evening and Henry says he had the time of his life. Henry says when cotton is 14 cents per lb. a man is no maa at all if he can't take his family off for a jollification once a year.

Mr. P. M. Koch, the popular merchant of old D'Hanis, paid a flying visit to San Antonio on Saturday. Unfortunately Mr. Koch was delayed several times on his trip. He says he would not have objected to the delay at Hondo, if the beer had not given out, and the 2½ miles around the wreck at Dunlay destroyed the flavor of the beer at that place.

Mr. Huffer, the proprietor of the D'Hanis News having sold out his plant here will leave on the 5 o'clock train for Hondo.

That little gathering on Sunday afternoon beneath the inviting shades of the mosquitoes, with cheese, crackers, and pickles and an old fashioned wooden faucet brought smiles to many a weary face and the red glow of an evening sunset saw many a friendly hand shake as the participants bade farewell to one another and joyously and happily took the road home.

The Public Graded School of D'Hanis today received three new pupils. Miss Alta Moore, the third teacher in the Public Graded School, left today for Falls City to join her twin sister.

### A Remarkable Record.

That a Jersey cow pays, and pays handsomely, is amply attested by the record made by the cow kept by August Hornung. During September she gave 151½ gallons of milk. From this the family used 20 gallons and 30 gallons were sold. From the 10½ gallons left, 55 pounds of butter were produced. The milk, butter and cheese sold amounted to \$23.15. Her feed cost during this time \$10.60, leaving a net profit in cash of \$12.55. It pays to keep good stock.

### Firemen's Meeting.

The regular meeting of the Hondo Volunteer Fire Co. was rained out last Monday night and met Thursday night instead.

The committee on location for a fire house reported that a five year lease on a location fronting on North Front Street had been secured from Rolf Frerichs and the same was accepted as being the most centrally located of any yet offered.

The building committee reported plans for a two story box house 24x16 feet and were given authority to contract for the material and the building of the same, and to superintend the construction of the same.

The committee on subscriptions was instructed to collect the funds subscribed and to secure such other funds as might be donated.

After two new members had been admitted, the meeting adjourned and the hook and ladder boys took a practice run around the town.

## There's a Difference—

No counterfeiter has ever produced a perfect dollar bill. No imitator has ever equalled Parke, Davis & Co.'s quality.

Divide men into classes—druggists, physicians, preachers, manufacturers, etc. Would any man anywhere under the sun be guilty of saying that all druggists are alike, all physicians alike, all preachers alike, or that all manufacturers are alike? Just as there is a difference in men so is there a difference in the medicines made by different manufacturers. For years, in practically all our Prescriptions, we have been dispensing preparations manufactured by Parke, Davis & Co., of Detroit, acknowledged to have the largest and best equipped laboratories in the world for the scientific preparation of high-grade pharmaceuticals. This is one of the main reasons why Doctors prefer to have us fill their prescriptions, because there is no guess-work about Parke, Davis & Co.'s remedies, they are always the same—always the best. And the nice thing about it is—they cost no more than inferior makes. Try us once and you will come again.

**Montgomery Ward & Co. CHICAGO and KANSAS CITY**

**Introducing Herself.**  
A little girl, the daughter of a well-known minister, was heard to finish her evening prayer one night this way: "Now perhaps, God, you don't know who is talking to you. I'm Mr. Blank's little girl, and he is the pastor of the First church, and the best preacher in the whole blamed country."

**Choose the Beautiful.**  
There is a beautiful and an ugly way in which to say almost everything, and happiness depends upon which way we take. Not only in words, but in all the little, common courtesies and duties of life, think of the beautiful way of doing each.—D. L. Porter.

## WAIL OF THE MARRIED MAN

He Explains Why in His Opinion Separate Prayer Meetings Are Advisable.

A Kansas City preacher is experimenting with a separate prayer meeting for men and women, and the experiment will be watched with interest. He argues that the men are afraid to come out and ask the Lord for what they want, their wives being present to hear; that they will be more free if only men are present. "There is something in that," writes a mean man to the Globe. "I want the Lord to change my wife's disposition. She nags and is extravagant, and is always watching me. If I were to take such a prayer to the throne of heavenly grace, with her kneeling beside me to hear, there would be a row when I got home that would shake all the mottos off the walls. I would also like to ask for a lot of things I want no women to hear about. I have noticed that if a man at prayer meeting sidesteps in his prayer, and asks for anything material, the women talk about his worldly ambition next day. I have a notion that a lot of us men want things we don't want the women to know about."—Atchison Globe.

## Capt. Bogardus again hits the Bull's Eye.

This world famous rifle shot who holds the championship record of 100 pigeons in 100 consecutive shots is living at Lincoln, Ill. Recently interviewed, he says: "I suffered a long time with kidney and bladder trouble and used several well known kidney medicines, all of which gave me no relief until I started taking Foley Kidney Pills. Before I used Foley Kidney Pills I had severe backaches and pains in my kidneys with suppression and a cloudy voiding. On arising in the morning I would get dull headaches. Now I have taken three bottles of Foley Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and again feel like my own self." W. H. Windrow.

## THE ANNUAL CARNIVAL

HOUSTON PREPARING TO ENTERTAIN VAST CROWDS EARLY IN NOVEMBER.

## BRIEF SKETCH OF FESTIVAL

Much of Mystery Attaches to King Nottoc and His Court But Real Spirit of Week Is True Mirth.

Houston's No-Tsu-Oh carnival, which has now become a fixed festival, will be twelve years old this year and with each succeeding celebration it has grown larger and larger until now it has gained a pre-eminence as one of the really big festivals of the Southland, second only to the great Mardi Gras celebrations of New Orleans.

The No-Tsu-Oh carnival is the outgrowth of the possibilities that were noted when a fruit and flower show was given a dozen years ago. Owing to other fairs and exhibitions given over the State, it was decided to make this carnival merely one of fun and frolic, a play day in the lives of those who participate. All work and no play you know, so this was fixed upon as a time for play and the idea has met with a hearty reception as is evidenced by the constantly increasing crowds that participate.

From a modest outlay the expenses incident to the carnival have grown until now it requires from \$30,000 to \$50,000 every year to provide this one week of frolic.

The town is decorated from end to end with electric lights so that it becomes a veritable fairyland by night and this one feature alone is worth journeying to witness. Then come the parades, the sights of the Wonderland and the confetti battles that rage in the carnival grounds and upon the streets. All go to make it one of the most unique festivals in all the country.

It has always been the custom to keep in absolute secrecy the identity of the man chosen to enact the role of King Nottoc, and that monarch likewise jealously guards the identity of the maiden who is chosen to reign as his queen. It is not until the grand ball with its tableaux and bewildering scenes of beauty and stage craft, that the names of the king and his queen are made known.

The confetti battles, also, are distinctive. The whole of Main street and the thoroughfares leading to Wonderland, the carnival grounds, are given over to the crowds. They are swept as clean as a floor and all teams are kept off of them and the crowds extend from sidewalk to sidewalk and armed with the bright colored bits of paper, young and old indulge in the delights of the hour. It is no place for the man or the woman with a grouch and the result is that grouches are discarded for the week and all join in the fun.

The program calls for some most entertaining features this year. The king will be escorted up the ship channel with a flotilla of launches and will be given royal welcome to his chosen city on Monday, November 14, the first day of the carnival. Then a parade will be formed through the streets of Houston. In the afternoon will come a game of football between A. & M. College and the State University. That night the gates of Wonderland are thrown open for the first time, the illuminations of the city are turned on. Tuesday night comes the grand street parade headed by King Nottoc. Wednesday is to be Press Day, when the editors of the Texas newspapers will be the guests of the carnival association and that evening the coronation ball takes place in the city's vast auditorium, a structure that will seat over 7,000 people. Thursday will be German Day and will be given over to a skat tournament and a magnificent street parade. Friday will witness the flower parade and on Saturday the carnival will close with Farmers' Day and Traveling Men's Day. This will mean as large crowds and as much entertainment on the last day of the carnival as mark the arrival of the king on the first day of the period of festivity. In maintaining this No-Tsu-Oh carnival, Houston is giving to Texas one of the most distinctive gatherings and week of amusement to be found in all the United States.

## DAY FOR FARMERS.

King Nottoc Will Provide Entertainments for Them.

One of the big features of the annual November carnival at Houston this year will be the day to be set aside for the farmers. In all probability this will be made Saturday, the 19th of November. It has been suggested that a special hall be secured and that a program of peculiar interest to the farmers be prepared and executed. The afternoon and the evening could be devoted to the fun of the carnival, and all in all the day given over to the men who grow the cotton from which the merry monarch, King Nottoc, takes his name, will be one of the most important of the whole carnival.

## BIG POULTRY SHOW.

All lovers of poultry will find much to amuse and instruct in the big poultry show which will be a part of the No-Tsu-Oh carnival at Houston, November 14 to 19. There will be assembled at this poultry show the very finest specimens of poultry to be obtained.

## Failed in Health

"My mother died six years ago," writes Miss Ruth Ward, of Jerseyville, Ill., "and left me to care for six children. I had never been strong; and this, with the shock of her death, was too much for me. I failed in health. I was tired all the time and did not want to go anywhere, nor care for company. I had the headache all the time and such bearing-down pains. A very dear friend advised me to take Cardui, as it had done her so much good, so I commenced to use it and now I am in good health."

**Take CARDUI**  
The Woman's Tonic

Women's pains are relieved or prevented and women's strength is quickly restored, by Cardui, the woman's tonic. You yourself know best if you need it, or not. If you do need it, do not delay, but commence to use it at once. Every day of delay only lets you slide further down the hill. Don't wait, then, but begin to take Cardui today, for its use, no matter how prolonged, cannot harm you and will surely do you good.

The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by all dealers.

Life is worth living a great deal better than most of us live it!

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. ## The San Antonio Fair.

Many of the attractions scheduled for the San Antonio International Fair, beginning November 5 and ending November 20 will be of a highly educational value. There will be a wireless telephone exhibit, the first of its kind ever exhibited in Texas. Visitors to the fair will be given opportunities to talk with each other, across the grounds, by this new method of communication. Another feature of educational value will be a good roads exhibit, under the auspices of the National Good Roads Association. Road machinery will be exhibited and instructive talks will be given farmers on the construction and maintenance of good roads.

The Corn Club, an organization of 10,000 boys, will hold a meeting at the Fair Grounds and will give exhibits of prize corn ears. Liberal prizes will be given to the members furnishing the most interesting exhibit.

Enthusiasm is being manifested everywhere over the coming International Fair. The grounds have been improved and the buildings in many instances completely remodelled.

Ample amusements will be provided and sixteen days of enjoyment and recreation, as well as educational profit, will be afforded all who visit the San Antonio Fair this year.

## "You Can Fool All the People Part of the Time and Some People All the Time"

It is a very common occurrence for some piano dealers to advertise a lot of unknown makes, of unknown value, at prices that are supposed to effect a saving to the buyer, but eventually the unsophisticated discover that their supposed bargain was a rather expensive purchase.

Our instruments are standard makes and priced in accordance with their intrinsic value. Every piano in our salesroom bears the guarantee of the maker in addition to our own. When you purchase a piano at this store you can depend on the quality and by reason of our one-price method you know positively that some other individual has not bought a similar instrument at a lesser cost.

The cultivated, the discriminating, the prominent, almost always use one of these makes:

**MASON & HAMLIN, HARDMAN, BUSH & GERTS, HARRINGTON, HENSEL**

The greater the pianist's ability, the more cultured the ear of the hearer, the higher will be the appreciation of the rich and colorful tones of these instruments. They embody a distinct individuality, bringing to the surface the best there is in composer and pianist alike. Our easy payment plan will enable you to use the piano while paying for it. Old instruments taken in exchange.

V. P. KING.

Messrs. Joe. Ney, E. R. Leinweber, Geo. W. Jones, I. H. King, Aug. Kempf, C. W. Gilliam, Louis Rothe Jr., T. A. White, D. H. Fly and others from here went to D' Hanis Wednesday where a stock company was organized to build and operate another mammoth brick plant. The company was capitalized at \$40,000, all paid in, and Messrs. Fritz, August and Louis Rothe, Peter Koch, E. R. Leinweber, Joe Ney, and Ed. de Montel were elected as a Board of Directors. The enterprise will be known as the Seco Pressed Brick Co. and the plant will be located on the old Koch homestead about one mile south of D' Hanis where they have a 99 year lease on an inexhaustible hill of clay. There are two kinds of clay in this hill both of which have made satisfactory tests as to quality. One produces a deep red and the other an almost white brick, both of excellent quality. Worked together the clays will produce a variety of shades, motels, etc., and the possibilities for this enterprise are great. D' Hanis is to be congratulated on the securing of this establishment.

A west bound freight train was wrecked about a mile west of Dunlay about 8:30 a. m. Saturday. Seven cars went into the ditch and the track was badly torn up. Fortunately no one was hurt and only two of the cars were loaded. Traffic was delayed until nearly midnight Saturday night. The news reached Hondo just as the High Ball was ready to pull out for San Antonio with several hundred excursionists for the show on board and caused a delay of two hours, during which time refreshment parlors, restaurants, hamburger stands, etc. did a rushing business. Finally the train was moved down to the wreck where, after more delay, the passengers, baggage, mail, etc. were transferred to a train from San Antonio and at last reached that point about four o'clock in the afternoon.

Wm. S. St. Claire arrived here Saturday from Silver City, N. M., and was taken seriously ill with paralysis at the home of his kinsman, J. W. Crusesturner. His sisters, Miss Beulah St. Claire of San Antonio and Mrs. Clara Horton of Martindale were summoned at once. Miss St. Claire returned home Monday and Mr. St. Claire had sufficiently recovered to proceed on his journey Wednesday, accompanied by Mrs. Horton.

Owing to the large attendance at the Hondo High School it became necessary to employ another teacher and accordingly Prof. W. W. Dover, late of Dilley, took charge of the seventh grade work Monday as principal of the Grammar School Department. This makes nine teachers employed at the main school building.

In a private letter from J. E. Blackaller of Frio Town he says: "We had fine rains throughout our country Monday morning and night, amounting to some four or five inches. It was very welcome as we have had no rain to amount to much since last April."

FOR SALE, three choice lots, southeast corner block, and a neat three-room house near the school house for \$1600. Will sell house and one inside lot for \$1100. Either proposition is a bargain. See the Hondo Land Co., Taylor & Davis, Managers.

C. F. Wilkins arrived here Tuesday from Collinston, La., and is the guest of his brother-in-law, Fletcher Davis, and family. Mr. Wilkins spent a while here seven years ago and notes many changes in Hondo since that time.

For Sale, 1920 acres patented land, fenced, 14 miles from Uvalde, one mile River front on Nueces River, pecan orchard; price \$6.50. Will take some real estate in trade, balance cash. Write W. H. Asher, Laguna, Tex.

FOR RENT, subject to sale, a neat three room cottage near the school house. See Hondo Land Co.

Place your next order with C. D. Conley and you will be pleased. Prices are right and work is a dandy.

## Lyceum Attractions.

Contributed.

After months of serious thought and much labor on the part of a few of the noble hearted, enthusiastic members of our "Mothers' Club", we are to be rewarded by the coming of our first attraction of the Lyceum Course.  
"Sunshine" Hawks, the genial humorist lecturer, will greet the public at the Auditorium next Wednesday night, Oct. 19. We are very anxious, indeed, that this, our first attraction, be a success, and for it to be so the good people, we trust, will show their appreciation by coming out. We have numerous testimonials from almost every state in the union which we will gladly furnish any one. Mr. Hawks says:

"There are only three things that are really worth while,  
To do good,  
To be good,  
And always to smile."

Now we want to be good and come out to hear him, and do good by helping the ladies in their work for the school, and then we are sure Mr. Hawks will do the rest, and "make you smile."

On the 27th of this month, (Oct.), Luther Manship will favor us with a lecture from the days of slavery, or "From the Cabin to the Big House." This noted personage needs no introduction to the people of Hondo for he has visited Texas so often and most every one has heard him at some time and in some place.

On Dec. 5th, Neil Litchfield Trio will give perfect satisfaction in Music, Recitals, Impersonations and "Down at Brook Farm" the famous play or Rural Comedy.

Dec. 16th, Carl Jansen will impersonate Swedish, German, Scotch, Irish and Norwegian characters. He is from the "Land of the Midnight Sun" or Thelma's home. In fancy he will transport you to the realistic scenes of the Scandinavian peninsula, and then entertain you with scenes from Shakespeare and Tennyson, and give you recitations from James Whitcomb Riley and Eugene Field. To keep up your interest, he will give demonstrations of Foil, Rapier, and Saber fencing, and the Swedish system of physical culture. The closing scene will be "Home Sweet Home" sung in Swedish.

It is enough to say that these attractions are from Rice's Bureau, and they have not only been given in every state almost in the Union but have given rehearsals over a greater part of Europe. The Litchfield Trio has appeared in London, Edinburgh, Belfast and Paris.

## Reaching the Top

In any calling of life, demands a vigorous body and a keen brain. Without health there is no success. But Electric Bitters is the greatest Health Builder the world has ever known. It compels perfect action of stomach, liver, kidneys and bowels, purifies and enriches the blood, tones and invigorates the whole system and enables you to stand the wear and tear of your daily work. "After months of suffering from Kidney Trouble," writes W. M. Sherman, of Cushing, Me., "three bottles of Electric Bitters made me feel like a new man." 50c, at W. H. Windrow's.

Silver Ware, the best and cheapest at Windrow's drug store.

Joe Mangold was in town this week with his bridge crew. He left Wednesday for the "dry" regions about Uvalde but went "heeled". Joe Schmidt, another Castrovilla boy, passed through in the evening to join them.

Parties desiring the services of Dr. A. Sachs, the eye, ear, nose and throat specialist of San Antonio, will find him at his office over the First National Bank Monday, Oct. 17th, from 11 o'clock A. M. to 5 P. M. without fail.

Carl Hough, mention of whose escapade was made in last week's issue, was apprehended near D' Hanis by Deputy Sheriff Aug. Schuehle last Friday and after paying a nominal fine left for greener fields a sadder but somewhat wiser man.

The Hondo School Board closed a deal Thursday night with Mr. Jourdan, representing Hixson & Co. of Dallas, for 328 opera chairs for seating the school-house auditorium. The chairs are of excellent quality and cost \$1.80 each or \$590.40 for all. They will be installed within the next thirty days.

We are in receipt of a lengthy write up of a grand Convention of the stockholders of the United Drug Co. held at Boston, Mass. recently. This is the concern which puts out the celebrated Rexall Remedies and which is represented in Hondo by F. H. Falkenberg. We regret that the extreme length of the article prevents our publishing it.

Oscar Lindholm, an experienced well driller and the gentleman who drilled Hondo's first deep well, began work on the new one Wednesday. Mr. Lindholm finds the condition of the well better than was feared and is confident that he will be able to push the drilling to a successful conclusion. The drill had already progressed several feet and, while it may be necessary to have a smaller drill to facilitate the work, he has had no difficulty with the obstructions left in the well by his predecessors.

Alex. Marquis was down from Tarpley during the week.

Lee Perkins is reported quite sick as we go to press Friday.

Aug. E. Schuehle was in town Thursday and paid our office a business call.

Rudolph W. Markt is back in the railroad service and is located at Lima California.

H. W. Barth and Henry Nester were here yesterday, returning to D' Hanis on the eleven o'clock train.

## A Handsome Woman

Every woman may not be handsome, but every woman should keep with care the good points nature has given her. No woman need have sallow skin, dull eye, blotchy complexion, who pays proper attention to her health. Where constipation, liver derangements, blood impurities and other irregularities exist, good complexion, bright eyes and sprightly movements cannot exist. Internal derangements reveal themselves sooner or later on the surface. Headache, dark rings around the eyes, sallow skin, a constant tired feeling—mean that the liver and digestive organs are needing help and correction. Chamberlain's Stomach and Liver Tablets give this necessary help. They work in nature's own way. They do not merely flush the bowels but tone up the liver and stomach to fulfill their proper functions. So mild and gentle do they act that one hardly realizes that they have taken medicine. Chamberlain's Tablets can be relied upon to relieve biliousness, indigestion, constipation and dizziness. Sold everywhere. Price 25 cents.
